

# SIGNS OF SPRING

Spring is definitely on it's way and so we would like the children to look for signs of spring in the local environment.

When walking with your child, see if you can spot these signs of spring.

There is space for you to record other signs of spring that you might see.

For more ideas, there is a booklet about spring on the nature detectives website.

[http://www.naturedetectives.org.uk/download/booklet\\_play.htm](http://www.naturedetectives.org.uk/download/booklet_play.htm)

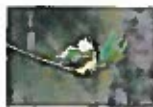

If you have any difficulty in downloading it, please let us know and we can get you a copy.

I found these signs of spring:

snowdrops

buds on trees

crocus flowers

birds singing

These are some other signs of spring that I have found.
