

Hello children, I'm really missing you all!

See if you can find your initial and all of your friends from this list:

A A A B E F H J J J R T

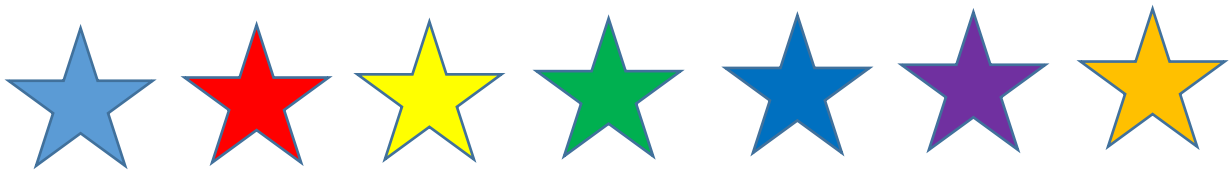

I hope you are keeping busy and remembering to wash your hands and cough into your elbows! I bet you are all drawing and making lovely pictures at home with your parents. My life is very quiet at the moment; I'm finding lots of jobs to do in my house and garden.

I look forward to the days when I can go into nursery and see some of the children whose mum and dads are key workers.

I know you are all being very brave and good for your parents so I'm sending you all a big super star!!!

Can you count how many stars there are and name the colours?

When I see you all again you can have a real one. You will have to have a think and choose which colour you might choose.

Keep safe,

From Mrs Gill
