

To all our lovely children at Reddish vale Nursery,

I really hope that you are all having fun at home with your families. I am really missing being at nursery and helping you with your learning. I live at home with my mummy and daddy and just like you can't have visitors.

I have been keeping busy and have been listening to music and singing songs.

I have been watching the birds out of the window and my daddy has put some fat balls in the trees. The fat balls have attracted lots of birds like Robins, Blue Tits and a beautiful Goldfinch.

I have started to write a story about the adventures of pirates and mermaids. Do you remember when we were at nursery and made a pirate ship and walked the plank?

I will read you my story when we are all back at nursery. I hope you are all having a lovely time with your families. See you soon,  
from Emma
